DON JUAN

Translated and with an introduction by
RICHARD WILBUR

Don Juan by Molière

Molière

Molière's vintage story of the Seducer of Seville, an uproariously comic story perfectly translated by way of the Pulitzer Prize profitable poet. Don Juan, the "Seducer of Seville," originated as a hero-villain of Spanish people Don Juan legend, is a recognized lover and scoundrel who has made greater than one thousand sexual conquests. one in all Molière's best-known plays, Don Juan was once written whereas Tartuffe used to be nonetheless banned at the levels of Paris, and shared a lot with the outlawed play. smooth administrators reworked Don Juan in each new era, as every one director reveals anything new to focus on during this undying classic. Richard Wilbur's ideal translation could be the normal for generations Don Juan to come, as have his translations of Molière's different plays. Witty, urbane, and poetic in its prose, Don Juan is, so much importantly, as humorous now because it was once for audiences while it used to be first presented. About the Author: Richard Wilbur, nationwide booklet Award winner, is certainly one of America's nice dwelling poets. He has gained each significant literary award (including Pulitzer Prizes) and has a faithful poetry following, and is anthologized in each very important quantity at the subject. he's a member of the yankee Institute of Arts and Letters, the yank Academy of Arts and Sciences, Don Juan and the Academy of yankee Poets. He has written, translated, and/or edited twenty-five books.

Dom Juan ou l'Athée Foudroyé Don Juan ; suivi de Le mariage forcé / Molière ; illustré par Janet-Lange ; [notice de los angeles Bédollière] Source: gallica.bnf.fr Quand Molière présente le Dom Juan en février 1665, cette pièce fait un tabac (et quoique puisse dire Aristote et toute l. a. philosophie, il n'est rien d'égal au tabac). Un an après le Tartuffe, les controverses qui ont accompagné sa dénonciation des fake dévots hypocrites sont encore vives. fortress de l'appui du Roi, il proceed sur sa lancée avec une pièce d'une audace infrequent : l'adaptation d'une pièce jouée par les Italiens, inspirée par le théâtre espagnol. Elle allait être très rapidement interdite et retirée, automobile sa dénonciation de l'athéisme est terriblement ambiguë. A l'origine, L'Abuseur de Séville et l'invité de Pierre de Tirso de Molina était une critique des excès des grands de Séville qui se permettaient tous Don Juan les débordements avec l. a. plus grande indulgence pour leur conduite, certains qu'il suffise de se repentir à temps pour avoir l'âme tranquille. Un tel abus de l. a. longanimité divine, si blessant pour los angeles justice, ne pouvait manquer d'appeler une prompte dénonciation. C'était aussi une manière de faire craindre aux femmes les suites de leurs écarts de conduite en montrant pour une fois non pas une femme fausse, perverse et tentatrice, mais un homme able de les prendre à leurs propres ruses, et de venger ses semblables. Don Juan ; suivi de Le mariage forcé / Molière ; illustré par Janet-Lange ; [notice de l. a. Bédollière] Source: gallica.bnf.fr Dans l. a. pièce de Molière, tous ces éléments sont encore présents, sauf que Dom Juan est cette fois, contrairement à los angeles pièce espagnole, un athée, un esprit fortress que le ciel va punir. Molière y porte en plus l'ensemble des thèmes qui lui tiennent à cœur : -critique de l'hypocrisie, comme dans le Misanthrope, avec los angeles duplicité enjôleuse de Dom Juan avec les femmes et avec monsieur Dimanche, -critique de los angeles bigoterie et des fake dévots comme dans le Le Tartuffe, avec le pretend repentir du héros, -critique d'une noblesse usurpée vehicle non fondée sur l. a. vertu, comme dans Le Bourgeois gentilhomme, avec los angeles

tirade du père de Don Juan Tenorio et les remontrances du valet, -critique de los angeles médecine ignorante et imbue de principes faux, comme dans le Malade imaginaire ou le Le Médecin malgré lui, avec les sottises de Sganarelle, -critique de l. a. pédanterie et des abus de l. a. rhétorique, comme dans Les Femmes savantes ou los angeles los angeles Critique de l'école des femmes, avec les beaux discours paradoxaux de Dom Juan, et Don Juan les raisonnements stupides du valet, -critique du mariage, comme dans L'École des femmes, avec cette promesse qui parvient à vaincre curieusement toutes les résistances, tous les dégoûts et toutes les prudences. On retrouve ainsi dans le Dom Juan comme un concentré de toutes les évaluations de Molière développés par ailleurs dans son théâtre. Les scènes et les caractères sont Don Juan d'une grande variété, et participent à faire un vaste synoptique de l. a. société. Don Juan ; suivi de Le mariage forcé / Molière ; illustré par Janet-Lange ; [notice de l. a. Bédollière] Source: gallica.bnf.fr Molière parvient à faire de son Dom Juan un personnage vraiment intéressant, mi figue mi raisin, pétri de graves défauts (hypocrisie, froideur, égoïsme, inconstance, ...), mais aussi de grandes qualités (courage, intelligence, audace, indépendance d'esprit, civilité...). A côté, le personnage du valet, joué par Molière lui-même, censé représenter los angeles sense of right and wrong de Dom Juan, fait bien pâle determine à côté du maître. Ses discours Don Juan moralisateurs sont embrouillés et stupides, tant et si bien que son maître s'en moque, s'il ne s'en impatient pas. Il est very unlikely de ne pas rapprocher ce personnage de fiction d'un autre personnage bien réel du siècle suivant, Casanova, le soi-disant chevalier de Seingalt, lequel suscitait les mêmes sentiments paradoxaux chez ceux qui le croisaient, à mi chemin entre fascination et répulsion. Je tiens jusqu'à présent les Mémoires de Casanova pour le livre de loin le plus plaisant de toute ma bibliothèque. On a beaucoup glosé sur leurs prétendues différences ; celles-ci ne me paraissent finalement pas si évidentes, si ce n'est que Dom Juan est un vrai noble, et non pas Casanova. On pourrait attribuer au héros de fiction espagnol l. a. même terrible et détestable maxime que celle de son successeur réel italien : c'est rendre justice à l'intelligence que de faire des dupes, et qu'il faut immédiatement tempérer par cette autre de los angeles Fontaine, trompeurs, c'est pour vous que j'écris : attendez-vous à l. a. pareille. J'ai adoré cette pièce. A l. a. folie, au element de me lancer dans une exploration du mythe.
