

Into the Wind: Around Alone: The Story of the World's Longest Race

Tony Bartelme

final summer, sixteen skippers trigger from Charleston on a 27,000-mile ocean odyssey round the world. every one by myself in a ship powered purely by means of the wind. fighting time, frigid cold, isolation and waves as tall as buildings, they have raced from South Carolina to South Africa, New Zealand and South America, experiencing adventures they by no means expected. A former Russian commando was once compelled to accomplish surgical procedure on himself whereas his yacht crashed during the Atlantic. A world-famous girl skipper stumbled on herself the other way up in her boat within the frigid waters Into the Wind: Around Alone: The Story of the World's Longest Race off Antarctica, whereas a wiry Italian braved livid seas to come back to her rescue. This month, many of the unique sixteen will sail the ultimate leg again to Charleston. One may be the victor. yet all are heroes. An award-winning crew of submit and Courier writers and photographers has tracked those bold solo sailors, recording the triumphs and terrors in their trek in thousands of interviews and shiny colour photographs. This action-

packed insurance has been compiled right into a collectible, hardcover booklet titled Into the Wind.

This ebook isn't tremendous well-written, however the fabric is amazing. It covers a cruising race referred to as round Alone. sixteen humans trigger to sail worldwide single-handing forty - 60 foot very quick boats in super gnarly conditions. There are a few cool photos, yet I felt like there have been extra attention-grabbing pictures from the race. but Into the Wind: Around Alone: The Story of the World's Longest Race it should be unfair to invite a person cruising their boat via eighty foot swells to snap an image as their boat turns sideways and surfs down a wave.
