From Romines Deep Tower to the Grand Temple in Ithare, from the Murky Mountains to the L'Ombre des anciens (The Secret of Ji #3) Warriors Vale, the heirs proceed their determined quest whose end result will make a decision the destiny of the higher Kingdoms. Will they must recklessly desecrate one of many gods so much jealously guarded secrets? each discovery condemns them. Armies gather, conspirators display themselves, schemes are unveiled. The heirs time is short. Unraveling the mysteries of Nol and the emissaries will deliver the heirs in the back of the Curtain, deep into the Jap Kingdoms. In simple terms there, in the event that they can live on the main risky of the guardians, will they locate what fairly hides within the shadow of the ancients.

Obwohl im dritten Band einiges aufgeklärt und entdeckt wird, warf er für mich dann doch etwas schwächer als sein Vorgänger, obwohl es wirklich nicht langweilig wird. Gerade der Anfang gestaltet sich wieder als sehr spannend, es wird ein neuer, interessanter Handlungsstrang eingeführt und auch die „Bösen“ bekommen mehr Gewicht L'Ombre des anciens (The Secret of Ji #3) und ihre Rollen werden stärker ausgebaut. Natürlich entwickeln sich auch unsere Erben weiter. Gerade diesen Aspekt liebe ich so an der Magier-Reihe. Es wird ihnen nicht einfach alles in die Wiege gelegt. Sie müssen lernen, üben, Fehler eingestehen und daraus lernen. Am Ende wartet wieder ein sehr böser Cliffhanger und somit salary ich mich nun an den vierten und letzten Band der Magier-Reihe, bevor es mit den „Kriegern“ weitergeht. ;)
