# La donna della domenica by Carlo Fruttero

Carlo Fruttero

Un giorno del 1972 l. a. città di Torino si svegliò e fu subito costretta a riconoscere qualcosa che poteva turbare l. a. sua rispettabilità. Dovette in breve prendere atto di essere diventata, al pari di Los Angeles, uno state of affairs affascinante di delitti e indagini poliziesche. In una parola: period appena uscito l. a. donna della La donna della domenica domenica. Tra i romanzi di Fruttero & Lucentini questo è il primo e fino a oggi certamente il più popolare – nonché in step with molti il più avvincente e divertente. Ma c'è di più: los angeles donna della domenica può essere visto come il capostipite di un genere letterario tuttora in vasta parte virtuale: esempio di narrazione nobilmente leggibile, sempre leggera, che nasconde accuratamente los angeles sua complessità e non riesce però a celare, in line with nostra fortuna, il gioco ininterrotto dell'ironia, l'eleganza del taglio e l. a. sapienza psicologica. I lettori, più che los angeles La donna della domenica critica, capirono subito le infrequent qualità di questo romanzo, decretandone il fulmineo successo. Oggi, dopo che in più di vent'anni il libro ha fatto il giro del mondo, possiamo riscoprirlo nella sua intatta freschezza, come un audace primo passo in una direzione che l. a. lingua e los angeles letteratura italiana stentano a seguire, ma che è altamente apprezzata da ogni lettore intelligente.

Capostipite del giallo italiano, dicono i critici e il loro codazzo. Può essere. Senza dubbio l'elemento c'è, tiene avvinto il lettore, lascia desta l. a. curiosità fino alla superb e l'assassino non è il maggiordomo. Però l. a. sensazione è che di questo substrato di genere agli autori non gliene sia importato un piffero. Il loro intento è dire, rappresentare, enucleare, descrivere, tutti scopi alias azioni che perseguono mirabilmente. Distanti ma non distaccati tratteggiano fisicamente ed emotivamente una città affascinante e sfaccettata, capace di destare stupore e profondo interesse anche in chi calpesta, si muove e osserva ogni giorno 28 secoli di umano, e spesso artisticamente altissimo, prodotto. Scevri dal dio giudizio lasciano parlare i loro personaggi, alcuni totalmente imbibiti di sé altri cautamente o apertamente accorti ed è in keeping with tramite di questi che noi, l'altra metà della cartacea mela, viviamo le loro vite, ne condividiamo i pensieri o ce ne allontaniamo, talvolta ci riconosciamo o individuiamo topoi nei quali ci siamo realmente imbattuti. Non affresco, non puzzle, non composizione ma empatica creatività che ripropone e insieme condivide (con noi) modi di essere, ideologie, appartenenze sociali muovendosi in maniera sottilmente trasversale, e cogliendo, attraverso questa scelta, gli aspetti anche fortemente ridicoli o inani, ovvero los angeles bellezza di "categorie" altrimenti osannate o vituperate. L'alta borghesia non viene cristallizzata nei suoi cliché, i kommunisti, diciamo celo, hanno un che di grottesco, parimenti i nordici di prima generazione ma natural quelli di lunga pezza. Uno fra gli elementi più sapidi del romanzo è il dialogo, sottile, intelligente, fortemente comico, in dati punti, e assolutamente mimetico. (Il travet è molto più fantozziano di Fantozzi, senza avere però, l. a. insopportabile stolidità di quest'ultimo.) Attraverso le vie di una ex-capitale si muove l'umanità tutta, suddivisa, ma non drasticamente, in classi sociali e radici culturali. Ed è un movimento accattivante nel senso pieno del termine. Gli intenti sociologici restano nell'occhio di chi sfoglia le pagine: una mera etichetta. Toccante Bonetto: lui dipingendo si cassa un'intera - insopportabile, vacua e La donna della domenica del tutto inutile - categoria. Infine, nota personale, è ammirevole l'uso della lingua. Un italiano che risente solo in

minima parte il trascorrere del pace e sa modularsi su figure, luoghi e situazioni con una leggerezza ed una semplicità stupefacenti, indice di grande sapienza compositiva. Uno dei libri migliori della seconda metà del XX secolo.
