## Shadow Chaser (Chronicles of Siala #2)

Alexey Pehov

Saddened simply because they've got left considered one Shadow Chaser (Chronicles of Siala #2) of their quantity in a grave within the wilderness, Harold and his band of outcasts proceed their trip towards the feared underground palace of Hrad Spein. yet prior to they could succeed in their goal, they have to conquer all demeanour of obstacles, struggle many battles...and dodge the frightful enemies on their trail. Once they've got breached Hrad Spein, a role whole armies of warriors and wizards have didn't achieve, Harold needs to venture, alone, into the key middle of the main risky position in his Shadow Chaser (Chronicles of Siala #2) world. There he'll struggle legions of untold mysterious powers prior to he can whole the hunt for the magic horn that may shop his loved land from The anonymous One. First released in Russia, Alexey Pehov's Chronicles of Siala has swiftly turn into a global phenomenon. Shadow Prowler, the 1st booklet within the series, grew to become one among Russia's biggest, such a lot profitable debuts and has received a few overseas awards. Today, The Chronicles of Siala are the most well-liked fable books in Russia. Gripping and haunting, interesting and imaginative, Shadow Chaser is a singular of tricky plots, remarkable twists, and finely drawn characters that won't go away you while the ebook is placed down.

Kniha je hezky designov? zpracovaná, stejn? jako u prvního dílu mi rozložení stránek i velikost písma vyhovovala. Co m? ale obrovsky, opravdu hodn? zamrzelo je, že jsme p?išli o ty nádherné ilustrace. Roman Kýbus je nadaný ilustrátor a jeho ilustrace mi hodn? chyb?ly. Kniha navazuje na první díl, se skupinou, která doprovází Harolda Stína, se snažíme postoupit po cest? dále. Doprovází jej r?znorodá skupinka spole?ník?, od elf? po gnóma. Toto se mi na knize strašn? líbilo – jak autor dokázal jednotlivé rasy vystihnout a udržet jejich profil, nezapadl do šedého stereotypu, využíval výhody, které mu to nabízelo. Celkov? je promyšlenost sv?ta, r?zn? jazyky, pojmenování a geografie, s kterými si Pechov dal tolik práce, tím nejlepším na knize. Ani charaktery, ani vtip, ani p?íb?h, ale ty kulisy, ve kterých se p?íb?h odehrává. I když to ob?as p?ipomíná jízdu všemi možnými sv?ty a kulturami. Elfové, zombie, mágové i zlob?i. Ale je to zábava. Na chvíli jsem z?stal jako opa?ený – jestli se kostlivci nau?ili mluvit, je na?ase, abych zamí?il Shadow Chaser (Chronicles of Siala #2) na h?bitov – konec sv?ta musí být za rohem. str. 104 Abych autorovi nek?ivdila, i ty postavy mají co do sebe. Není to typ charakter?, z kterých through jste nemohli spát nebo do kterých se bezhlav? zamilujete. Jsou to prost? postavy, které se vám nenápadn? vkradou pod k?ži a pak se tam tvrdohlav? drží. Od otravného škodolibého goblina Kli-Kliho, který jakožto král?v šašek se na celou Shadow Chaser (Chronicles of Siala #2) výpravu zamotal zvláštním zp?sobem, ale díky kterému ve skupin? nikdy netrpíte nudou. M?žeme pokračovat málomluvným vojákem Úho?em, o kterém toho nevíme zhola Shadow Chaser (Chronicles of Siala #2) nic, ale který chvíli p?ed smrtí propadne sentimentu a naší hlavní postav? se sv??í. A je to zajímavé ?tení. Dvojice gnóm a trpaslík, kte?í se jako znep?átelené rasy nenávidí do poslední Shadow Chaser (Chronicles of Siala #2) kapky krve, ale kte?í jsou v podstat? p?áteli. Elfové – ti jsou kapitola sama o sob?, je ale zajímavé je vid?t jinak než jako Shadow Chaser (Chronicles of Siala #2) melancholické stíny lesa pijící za m?sí?ku víno a pletoucí svou krásou mladé nezkušené panny. Okamžit? jsem byl ve st?ehu. Temní elfové mi nikdy p?edtím víno nenabídli. Miralissin bratranec byl dnes výjme?n? zdvo?ilý.

---

A to se říká, že elfové jsou nevraživá, zlomyslná stvoření. Na druhou stranu, oni takoví skutečně jsou. str. 139-140A máme tu samozřejmě Harolda. Z počátku jsme si mysleli, že je to obyčejný zloděj. No dobře, Shadow Chaser (Chronicles of Siala #2) to bylo hrubé, je to mistr zloděj. Ale obyčejný lovk. Jenže pak se připlete do staré vize o magickém zničení velké části města a odnese si z toho v hlavě vzpomínku na Shadow Chaser (Chronicles of Siala #2) velkého šarada je Valdera. Vzpomínku, která mluví, myslí a ještě stále vládne docela slušným magickým potencionálem. V tomto okamžiku už nejspíše Harold přestává být tak docela obyčejným. Když ok tomu přitěme, že je v podstatě postavou figurující ve starém proroctví – Tanečníkem ve stínech – začínáme o té obyčejnosti pochybovat více než dost. A to je jen začátek. Zdálo se mi, že přestože je kniha objemově téměř stejná obsáhle, jako první díl, není tam tolik toho důležité. Autor to tam více obkecával a příběh neubíhal tak svižně, jako v prvním díle. Začátek se navíc rozbíhal pomalu a já strašně dlouho měla problém se začít, z části proto, že se tam v podstatě nic nedělo, z části proto, že i ten autorův styl psaní, který se mi ze začátku zase zdál dost kostrbatý a na který jsem si zase musela zvykat, mi ten zpomaloval. K chybám vytknu drobnosti jako Shadow Chaser (Chronicles of Siala #2) chybějící mezera řetěza. A vadila mi i lehká zmatečnost v tom honu na naše hrdiny. V knize máme de facto dva různé záporáky. Jednoho jistého Bezejmenného, který je hlavní a zřetelnou hrozbou, která co nevidět vtrhne do hrdinova světa a může vše zničit, a poté tajemného Pána, o kterém nevíme takřka nic, ale který docela pilně spřádá další a další plány, jak Haroldovi a přátelům ztížit Shadow Chaser (Chronicles of Siala #2) cestu. Možná mu nechce zabránit zastavit Bezejmenného, jistě mu však Harold dost překáží. A s rychlostí, s jakou Harold s nějakým štěstím pokaždé unikne, Pánovi nejspíše i vadit začne. Jeho Milost si nedělala žádné starosti s tím, že se tak z ní stane spoluviník vloupání, což by way of každý slušný šlechtický rod spolehlivě zneuctilo nejméně na dalších deset generací. (Na druhou stranu, o žádnou skutečnou potupu through nešlo: každý ví, že většina šlechticů krade v mnohem větší míře než obyčejní občané.) str. 175 Kdybych měla knihu hodnotit celkově, první díl byl vydařenější. Na druhou stranu je tohle prokletí všech druhých knih trilogií – jak vést příběh tak, abychom se příliš rychle nedostali ke konci? Druhý díl je v podstatě dobrý, na druhou stranu through mohl být i lepší. Mezi klady rozhodně patří svět, který autor ještě více vykreslil a postavy, které se taky rozvinuly. Mezi zápory zasadím zadržující děj a lítost nad ztrátou Kýbusových ilustrací. Pokud jste již Tuláka ve stínech četli, určitě se nebojte sáhnout i po Tanci. Není to špatný příběh, navíc tuším, že závěr bude více Shadow Chaser (Chronicles of Siala #2) než dobrý, protože oba předchozí díly končily otevřeně. Sáhnout však samostatně po Tanci nedoporučuju – v knize máme odkazy na děj prvního dílu a tenáť through byl jenom zmaten. Kniha je takové klasické fantasy, putování hrdiny za cílem, pokračujícího pokračáky. Ale je to hezké čtení. To zapít nemůže. :))
