THEOLOGY
OF THE ICON

Theology Of The Icon (Vol. 2) by Leonid Ouspensky

Leonid Ouspensky

The Theology of the Icon contains greater than the fundamental thought of the transfiguration of attractiveness and the sanctification of art. it's a basic point within the complete physique of Orthodox Tradition. during this two-volume work, Leonid Ouspensky offers the reader with a deep and critical method of Theology Of The Icon (Vol. 2) the secret of the sacred image. He surveys the improvement of the sacred artwork of the Christian East from its beginnings in catacomb artwork in the course of the iconoclastic controversy of the 8th and 9th century. Drawing particularly at the Russian Orthodox tradition, the writer reports a number of texts with care and in nice detail. He comprises an research of the flowering of early Russian iconography, tracing its later improvement and the cutting-edge today. The fifty one Theology Of The Icon (Vol. 2) black and white photograph illustrations, besides the four-panel foldout and 6 colour plates, will let the reader to understand the Orthodox icon with an educated brain and open heart. this is often the main complete creation to be had to the background and theology of the icon, and is the traditional textual content upon which most recent stories of iconography are based. quantity I, initially released in 1978, has been up-to-date by way of the writer and comprises huge sections of latest material. Leonid Ouspensky, some of the most influential iconographers and iconologists of this century, lived in Paris, France, until eventually his dying in 1987. His ebook The which means of Icons, additionally released via SVS Press, has develop into a classic.
