## Uncertain Glory by Joan Sales

Joan Sales

Premi Joanot Martorell de 1955, és una novel·la *Uncertain Glory* dividida en quatre parts, que té com a centre neuràlgic l' *Uncertain Glory* a guerra, presentada des de l' a. perspectiva dels vençuts. Es tracta, però, d'una obra que l'autor va anar ampliant en les successives edicions i l' a. traducció francesa (1962), ja més extensa que *los angeles catalana* va suscitar crítiques molt elogioses, i es va comparar el seu autor amb Dostoievski, Bernanos, Green... l' a. quarta edició (1971) és ja *los angeles* definitiva, però *los angeles* darrera half -aquella ampliada-, que portava com a títol "Últimes notícies", esdevindrà en l' a. següent edició *El vent de l' a. nit*, i serà independent. *Dominada in keeping with tres amics joves*, que van fer *los angeles* guerra junts, les dues primeres elements recorren a l' a. forma epistolar i ens presenten *los angeles* vida al entrance d'Aragó -cartes de Lluís al *Uncertain Glory* *Uncertain Glory* seu germà-, i a *los angeles* rereguarda: escrits de Trini, l' a. companya de Lluís a Juli Soleràs. En canvi, les dues darreres són les memòries de *Uncertain Glory* Cruells, el tercer amic, un sacerdot, però amb un salt cronològic very important a *El vent de los angeles nit*, on es reflecteix l' a. Barcelona de postguerra fins a arribar a finals dels seixanta. Però, al costat de *los angeles* guerra, presentada experience cap maniqueisme i amb tota l' a. seva cruesa, hello ha l'amor que encarnen dues figures femenines, que freguen el mite, sobretot, *los angeles* Carlana. l' a. novel·la, de fet, conté una reflexió, profunda sobre el sentit i, especialment, sobre l' a. dificultat de l' a. vida, que només l'amor il·lumina, l'amor humà, però també el diví -que *los angeles* creu, un símbol autèntic representa. Però, *Incerta glòria* tracta també d'altres temes cabdals, de l' a. soledat de l'home i del pas del temps, sobretot, mentre mitifica *los angeles* joventut, aquesta glòria incerta, fugaç, però glòria al cap i a l' a. fi. I és que, partint d'una situació concreta, l'obra esdevé també una reflexió common sobre una època dramàtica, marcada in line with les guerres.

Spanish Civil warfare novel set in Barcelona We have simply learn the ebook released via Maclehose Press within the UK... Autumn 2014 *Uncertain Glory* is a massive (if sometimes challenging to follow...) novel set in and round Barcelona in the course of the Spanish Civil War. it really is hugely strange in that it truly is written from the viewpoint of the wasting socialist *Uncertain Glory* / anarchist facet within the War. The *Uncertain Glory* publication was once written by means of Joan revenues who fought within the battle at the part of the Barcelona socialists. It used to be first released – in an abbreviated and hugely censored model lower than the Franco regime - in 1956... the a lot fuller uncensored model used to be released in 1971. however it has taken till now, 21 years after revenues died, for the booklet to be translated from the Catalan unique into English via Peter Bush - and it's a really very good translation. The publication is in 3 parts. the 1st describes how younger legal professional Lluís joins up and is going to conflict at the Aragonese front. sure there are many bloody battles, but additionally occasions of rest and quiet within the village of Olivella the place Lluís forget about a lot of the normal soldier's R&R regimen and turns into infatuated with the widowed Carlana of the village. the second one half positive factors Trini, 'the lady that Lluís left at the back of in Barcelona...' (with Ramon, his child son). The gadget utilized in this half is the letters she writes to Juli – a mysterious and devious buddy of either hers and of Lluís from their early pupil days. She explains her frustrations with Lluís' letter writing (or occasionally loss of it), and talks

approximately her way of life in besieged Barcelona. Juli confesses his love for Trini... (not a big surprise). he's at the Aragonese entrance with Lluís, and at last – as we listen later within the ebook - switches to the fascist facet within the war. the ultimate half gains Cruells, the 3rd guy preoccupied along with his emotions for Trini... Cruells is an assistant to Dr Puig, the brigade health care provider – he's dispatched again to Barcelona to convey out Trini and Ramon and others to the quiet part of front the place the brigade is getting better among battles – part of front the place there's even more foodstuff and tranquillity than again within the city. So this can be the tale of a bloody and stressed civil battle informed throughout the eyes and ears of 3 real and wanted for fans of 1 lady. At that point it really works completely well, yet – for me – the good benefit of doubtful Glory is how it describes how groups and members got here to be on one facet or the other. It looked to be greatly a murky topic of chance, and precisely the place you lived, instead of from now on profound political input. I haven't any doubt that doubtful Glory is an enormous and demanding work. however it is particularly a lot a Catalan / Spanish work. I confess I struggled a bit with the background of this a part of the Spanish Civil struggle till I took day out to go to Wikipedia – and that i could urge a person approximately to select the ebook as much as do an analogous until they're conversant in the facts. it'll make the tale much more meaningful. This seriously is not a ebook for everyone, yet i finished up discovering it very notion upsetting and worthwhile. you could good achieve this as well...
